Good afternoon,

Yesterday, I sent in an off-site work request for this Thursday for a 6pm event in Steubenville, Ohio that Senator Hoagland will be speaking at. Regan will be sending in her request, today, but since we will both be attending I was wondering if the Senate vehicle would be available from 3:45/4pm until roughly 9/10pm if it would run long? If not, I'll check with DAS. I realize this is last minutes but we just got the call yesterday about the meeting.

Hi Lori,

I've confirmed with Senator Hoagland that he would be happy to make a few comments during tomorrow's meeting in Steubenville. Also, the Senator, Regan and myself should all be in attendance. The only reason Senator Hoagland may be absent/late is if their session runs late on Thursday (a notice has not yet gone out but it was discussed in caucus, last night). I'll keep you posted if there is any change.

Talked to Lori about this, this morning. There will be a meeting held by the CEO of FirstEnergy Solutions this Thursday evening (6:30pm) in Steubenville. More info is on the attachment. Lori said this meeting was very much prompted by your comments and wishes that you had expressed about them connecting the information with all stakeholders and the community as a whole regarding the Samis plant.

You are also invited to make remarks at the event, as well. The CEO of FirstEnergy, John Judge, will be there to address everyone, as well. I have it on the calendar tentatively, for now, but would be a great event for you to attend. Lori said feel free to call her at 614.946.3555 if you have any questions. Let me know if you'd like to speak so we can get you any talking points you want/need and to let Lori know in advance.
